

Project requests from Rep. Wilson:

Dillonvale Community Center Renovation
Village of Dillonvale
135 School Street
Dillonvale, OH 43917
\$300,000

The recipient believes this is a valuable use of the taxpayers' money, because it will improve and renovate the Community Center which has a specific senior citizens area. Improvements include a new roof, improved gym, updated drainage and new windows and doors. This will allow for the continued use of the Center for voting, FFA meetings, AARP meetings, the meals on wheels program and many others activities that take place in this multipurpose facility.

□
Lansing Community Center Community Internet Services
Community Foundation of Lansing, Ohio
68583 Scott Street
Lansing, OH 43934
\$50,000

The recipient believes this is a valuable use of the taxpayers' money, because it will provide internet service to the community. A former elementary school will be converted into an internet accessible computer lab with 25 computer stations available to the public.

Marietta Community Access Network
City of Marietta
301 Putnam Street
Marietta, OH 45750
\$50,000

The applicant believes this is a valuable use of taxpayers' money, because it will provide broadband access to the city of Marietta and allow for the growth of businesses. This project will serve as an example to the surrounding communities on how to implement wireless access to their areas.

Mead Township Park District Improvements

Mead Township Park District

PO Box 74

Shadyside, OH 43947

\$130,000

The recipient believes this is a valuable use of the taxpayers' money, because it will expand current facilities to include a park shelter and a parking lot for visitors. This will allow for more activities to be held at the park as a shelter will be available for adverse weather conditions.

Shade Community Center Association

Upgrade of the Shade Community Center

PO Box 40

Shade, OH 45776

\$100,000

The recipient believes this is a valuable use of the taxpayers' money, because it will upgrade the outdated furnace, leaking windows and install a wheelchair ramp in the community center. This will allow it to continue to hold 4-H meetings, homeschooling activities and meeting space for the Shade Senior Citizen Association.
